

Samuel Meade

Healthy teams. Clear strategy.
Practical systems for a growing church.

START HERE

Consultation & planning

ABOUT SIX WEEKS

Focused on guest connection and volunteer involvement, with small-group strategy as an alternative when that best fits your church's needs.

01 Establish fit

A complimentary 20-minute introductory call to explore your needs and whether we are a good fit.

03 Receive a written plan

An action plan with clear steps, owners, and a simple measure of progress.

02 Review & work together

A review of your current process and a 90-minute working session to clarify practical next steps.

04 Follow through

Two short follow-up calls to discuss implementation and review results.

OTHER WAYS TO WORK TOGETHER

Team workshops

Half-day or full-day | Onsite or online

Help your team establish shared priorities, clear responsibilities, and an action plan.

Implementation advisory

Three months | Six scheduled calls

Review rollout and progress together, and update the plan as your team puts it into practice.

Scope and timing are agreed before we begin. A project fee is quoted after scope is defined; travel expenses are agreed separately.

EXPERIENCE IN PRACTICE

Vineyard Church North Phoenix

I consulted the assimilation pastoral team and shared Growth Track resources. Their team implemented the changes and saw early improvement and growth in volunteer participation.

Joplin Family Worship Center

I supported the lead team's Freedom discipleship rollout through video consultations, then traveled with a team to help deliver its concluding conference and develop and empower leaders.

Pastor. Professor. Consultant.

Doctor of Ministry candidate with more than a decade of executive ministry leadership.

Let's explore your next step.

Arrange a call through a short website inquiry.
